

Spread The Good News!

As we share the Good News of our Lord's victory during the Easter season, we reflect upon the importance of having space and place for reaching out and teaching God's Word and building His Church.

You can help expand the kingdom of Jesus Christ—with an investment in the Ohio District Lutheran Church Extension Fund.

Church Extension Savings Programs pay investors compounded interest quarterly and help to provide low-cost loans for Ohio District congregations when they borrow funds for building or renovation. This program is vital for the success of today's congregations.

Please join us and share in the satisfaction of knowing your savings dollars are helping provide the facilities and opportunities for people to connect with Jesus Christ. For more information call today or visit our website www.oh.lcms.org.
