

Introducing Lutheran Social Services' new mobile food pantries

Lutheran Social Services of Central Ohio is thrilled to introduce the latest additions to our food pantry program. Our 26-foot refrigerated box truck allows us to deliver 8,500 pounds of food to communities in southeast Ohio that do not have access to food pantries. Due to the generosity of donors and volunteers, we serve more than 100 families each trip.

In addition, our second mobile pantry brings food to senior communities and other locations in central Ohio where residents are not able to access a traditional food pantry.

One of these pantries will be parked near the entrance of the Embassy Suites hotel when you arrive for the District Meeting on June 18. We invite you to stop by, see the truck and learn more about this new initiative.

We would also like to invite you to bring canned food or other items to the District Meeting to help us **STUFF THE TRUCK!**

For more information, contact Brad Draper at 614-251-7687 or at bdraper@lssco.org
